

CONTENTS

Preface	11
<i>Paweł Baran, Iwona Markowicz</i>	
Analysis of intra-Community supply of goods shipped from Poland	12
<i>Jacek Bialek</i>	
Comparison of Jevons and Carli elementary price indices	22
<i>Beata Bieszk-Stolorz, Krzysztof Dmytrów</i>	
Application of the survival trees for estimation of the influence of determinants on probability of exit from the registered unemployment	30
<i>Justyna Brzezińska, Aneta Rybicka, Marcin Pelka</i>	
Multivariate statistical analysis of environmental data	40
<i>Nataliia Cherkas, Myroslava Chekh</i>	
Economic Effects of Production Fragmentation and Technological Transfer: the Evidence from CEE Countries	50
<i>Anna Chudzicka-Bator, Mateusz Pipień</i>	
Modelling Intensity of EUR/PLN High Frequency Trade – a Comparison of ACD-type Models	60
<i>Marta Chylińska</i>	
Aluminium Price Discovery on the London Metal Exchange, 2007-2017	70
<i>Małgorzata Ćwiek</i>	
Determinants of Digital Divide in Polish Households	80
<i>Marek A. Dąbrowski, Łukasz Kwiatkowski, Justyna Wróblewska</i>	
Sources of real exchange rate variability in Poland – Evidence from a Bayesian SVAR model with Markov Switching Heteroscedasticity	90
<i>Marek A. Dąbrowski, Monika Papież, Sławomir Śmiech</i>	
Is there a trade-off between monetary independence and exchange rate stability in Central and Eastern European economies?	100
<i>Grażyna Dehnel, Łukasz Wawrowski</i>	
Robust estimation of revenues of Polish small companies by NACE section and province .	110
<i>Czesław Domański, Robert Kubacki</i>	
Application of differential evolution algorithm to group bank's individual clients	120

<i>Iwona Foryś, Barbara Batóg</i> Analysis of Transaction Prices on one of the Housing Estates in Szczecin: Do the Buyers Differentiate Prices on Local Markets with Respect to the Kind of the Right to Own?	130
<i>Katarzyna Frodyma, Monika Papież, Sławomir Śmiech</i> Efficiency of investments in solar power in the EU countries	140
<i>Justyna Góral, Włodzimierz Rembisz</i> Spatial differentiation of the remuneration and labour productivity in Polish agriculture	150
<i>Sergiusz Herman</i> Application of Generalized Data Envelopment Analysis on Warsaw Stock Exchange	160
<i>Mateusz Jankiewicz</i> Changes of the Consumption Structure in European Countries Considering Its Modernization Process.....	170
<i>Alina Jędrzejczak, Dorota Pekasiewicz, Wojciech Zieliński</i> Comparison of Parameter Estimators for the Dagum Distribution	180
<i>Maciej Jewczak, Jadwiga Suchecka, Karol Korczak, Marek Melaniuk</i> Spatial analysis and assessment of effectiveness of selected social services.....	190
<i>Daniel Kosiorowski, Dominik Mielczarek, Jerzy P. Rydlewski</i> New proposal of robust classifier for functional data	200
<i>Daniel Kosiorowski, Dominik Mielczarek, Jerzy P. Rydlewski</i> Outliers in Functional Time Series – Challenges for Theory and Applications of Robust Statistic	209
<i>Jadwiga Kostrzewska, Maciej Kostrzewski</i> The logistic regression in predicting spike occurrences in electricity prices	219
<i>Marta Kuc, Aneta Sobiechowska-Ziegert</i> Standard of Living in Poland at Regional Level - Classification with Kohonen Self-Organizing Maps	229
<i>Łukasz Lenart</i> Bayesian inference for deterministic cycle with time-varying amplitude.....	239
<i>Łukasz Lenart, Justyna Wróblewska</i> Nonlinear stochastic cycle model.....	248
<i>Paweł Lula, Renata Oczkowska, Sylwia Wiśniewska</i> Automatic identification of competences expected by employers with the use of exploratory text analysis	256

<i>Radosław Mącik</i> Identification of factors affecting the popularity of cross-border online shopping in the European Union countries	266
<i>Justyna Majewska, Grażyna Trzpiot</i> The health transition and an ageing society – example of selected European countries	276
<i>Błażej Mazur</i> Cyclical fluctuations of global food prices: a predictive analysis.....	286
<i>Błażej Mazur, Mateusz Pipień</i> A family of non-standard bivariate distributions with applications to unconditional modelling in empirical finance	296
<i>Artur Mikulec, Małgorzata Misztal</i> Firms' duration analysis in Łódzkie Voivodship using a regression tree approach.....	306
<i>Paweł Miłobędzki, Sabina Nowak</i> The Accuracy of Trade Classification Rules for the Warsaw Stock Exchange	316
<i>Iwona Müller-Frączek</i> Dynamic measure of development	326
<i>Joanna Olbryś, Michał Mursztyn</i> Assessing accuracy of trade side classification rules. Methods, data, and problems.....	335
<i>Jacek Osiewalski, Anna Pajor</i> A hybrid MSV-MGARCH generalisation of the t-MGARCH model	345
<i>Monika Papież, Sławomir Śmiech, Katarzyna Frodyma</i> Is development of the renewable energy sector crucial for the electricity consumption-growth nexus in the EU countries?	355
<i>Aleksandra Pawłowska</i> Evaluation of investment support from Common Agricultural Policy with propensity score matching method	365
<i>Michał Bernard Pietrzak</i> The composition of agricultural macroregions in Eastern Poland - an empirical example of the Aggregation Problem	375
<i>Dominika Polko-Zajac</i> Comparing populations based on squared Euclidean distance between sets of variables	385
<i>Elżbieta Rogalska</i> Entrepreneurship Conditions in Poland at NUTS 3 Level. Application of taxonomic measure of development based on median vector Weber	395

<i>Elżbieta Roszko-Wójtowicz, Jacek Bialek</i> Application of the AG Mean Index for CPI Substitution Bias Reduction	405
<i>Michał Rubaszek</i> A note on the private housing rental market in Poland	413
<i>Marcin Salamaga</i> An Application of conjoint analysis to study determinants of Polish direct investment located in European countries	423
<i>Katerina Shestaeva, Elena Sibirskaya, Paweł Lula, Evgenia Progonova</i> Anatomy of entrepreneurial activity and challenges of the new century	433
<i>Victor Shevchuk, Roman Kopych, Marianna Golynska</i> Fiscal and monetary effects in Ukraine: SVAR approach	443
<i>Agata Sielska</i> Armed Conflicts And Multicriterial Evaluation Of The Development Of The Country In A Long-Term Perspective	453
<i>Iwona Skrodzka</i> International Technology Transfer and Smart Growth of EU countries in 2010-2015	463
<i>Erik Šoltés, Tatiana Šoltésová</i> Comparison of income poverty and social exclusion in the EU in 2008 and 2016	473
<i>Malgorzata Stec, Malgorzata Wosiek</i> Evaluation of the socio-economic situation of European Union countries, taking into account accuracy of statistical data.....	483
<i>Jacek Stelmach</i> On stationarity of changes in the trends of selected refining variables.....	493
<i>Adam Mateusz Suchecki</i> Spatio-temporal decomposition of the growth of communal budgets expenses on culture in Poland in 2003-2016. Implementation of the SSANOVA model.	503
<i>Sławomir Śmiech, Aleksandra Mucha</i> Are uncertainty measures powerful predictors of real economic activity in the Euro Area?. 513	513
<i>Michael C. Thrun</i> Cluster Analysis of the World Gross-Domestic Product Based on the Emergent Self-Organization of a Swarm.....	523
<i>Michael C. Thrun, Alfred Ultsch</i> Effects of the pay-out system of income taxes to municipalities in Germany	533
<i>Paweł Ulman, Tomasz Kwarciański</i> The quality of life in Poland and Germany	543

<i>Marta Wajda-Lichy, Paweł Kawa, Kamil Fijorek, Sabina Denkowska</i> Trade openness and financial development: Granger causality analysis for new EU member states.....	553
<i>Marek Walesiak, Grażyna Dehnel</i> Evaluation of economic efficiency of small manufacturing enterprises in districts of Wielkopolska province using interval-valued symbolic data and the hybrid approach.....	563
<i>Agnieszka Wałęga, Grzegorz Wałęga</i> Does Debt Improve Housing Conditions? Evidence from Polish Households.....	573
<i>Stanisław Wanat, Krzysztof Guzik</i> Estimation of VaR bounds under dependence uncertainty and their use for the SCR calculation in Solvency II.....	583
<i>Antonina M. Yerina, Zinaida O. Palian</i> Estimation of indirect demographic losses in Ukraine due to armed conflict.....	593
<i>Wojciech Zieliński, Alina Jędrzejczak, Dorota Pekasiewicz</i> Estimation of Quantile Ratios of the Dagum Distribution.....	611
